

Access Resources for Wildfire Safety and PSPS

DOWNLOAD THE WILDFIRE
SAFETY TOOLKIT

Dear Community Partner:

At PG&E, we will not take any chances with safety. High winds can cause tree branches and debris to contact energized lines, damage our equipment and cause a wildfire. As a result, we may need to turn off power during severe weather to help prevent wildfires. This is called a Public Safety Power Shutoff (PSPS).

We know that losing power disrupts lives, which is why it is important for everyone to be prepared. We are asking for your help, as a trusted community partner, to **share these resources with your network, clients or members of your community.**

To help your community stay safe before, during and after a PSPS, you can access a variety of information and resources in our Wildfire Safety Toolkit or visit pge.com/disabilityandaging. A link to the English version of the toolkit is located in the upper right section of the webpage, with links to the toolkit in an additional 16 languages located at the bottom of the page under the Wildfire Safety resources section.

ADDITIONAL RESOURCES

Disability Disaster Access and Resources

Encourage those reliant on power for medical or independent living needs, who may need extra help during a PSPS, such as access to portable backup batteries, transportation, hotel stays and food stipends, to create a plan with a local DDAR center and review the resources available to them.

[DISABILITYDISASTERACCESS.ORG](https://disabilitydisasteraccess.org) ›

Language Preference How-To Guide

Find step-by-step instructions to help PG&E customers set their language preference for PSPS notifications.

[GET INSTRUCTIONS](#) ›

Medical Baseline Program

Direct those who rely on power for medical or mobility needs to enroll in the Medical Baseline Program.

[PGE.COM/MEDICALBASELINE](https://pge.com/medicalbaseline) ›

Address Alerts

Encourage enrollment in Address Alerts for notifications of a potential PSPS at any address important to them, such as their residence, work or childcare.

[PGE.COM/ADDRESSALERTS](https://pge.com/addressalerts) ›

Safety Action Center

Find safety tips, information and resources to create a personalized emergency action plan.

[SAFETYACTIONCENTER.PGE.COM](https://safetyactioncenter.pge.com) ›

Food Replacements

Encourage those who experience food loss to visit a participating local food bank for food replacement during and up to three days after a PSPS.
